

# Ambassador Kit - 2021

# Who We Are

IF WE'RE ALL HANGING OUT IN TREES,  
THEY CAN'T BE CHOPPED DOWN!

Our mission is to inspire a love of trees by elevating our customers' outdoor experience, while driving social change to protect forests around the globe.

We produce a range of high quality, precision engineered Tree Tents and Giant Hammocks, designed to enhance every type of adventure imaginable - from backcountry to backyard.

For every tent purchased, we make a donation to plant 20 trees with our partners: WeForest and Eden Reforestation Projects.

We are explorers, pioneers, inventors, environmentalists. But most of all, we enjoy the majesty of hanging out in the forest and want **you** to join our tribe in the trees...

# Welcome To The Tribe

# Why Choose Tentsile?

THE WORLD'S LEADING  
TREE TENT COMPANY

Our high-quality, long-lasting materials, patented, 3-point design and unique anti-roll strap system ensure the ultimate comfort in any environment.

Our products provide increased separation from insects and ground animals, and suspend campers above wet, uneven or muddy terrain, all whilst offering a lower impact alternative to traditional ground tents.

## OUR TREE TENTS & GIANT HAMMOCKS

---

Our products range from 1 - 2 person lightweight, backpacking Tree Tents & hammocks to our 3-6 person, comfortable & spacious models.

Whether you're a gear junkie heading out on the trip of a lifetime, or a family camper planning your next adventure, we have a Tentsile to suit you.
